SUBJECT : **Semester 2 Temporary Dual Credit Course Codes
for SCWI Phase 10 Pilot Projects**

On January 11 2007, you received a memo from Deputy Minister Ben Levin on Interim Guidelines for Dual Credits Earned by Students in 2006-07 in Approved Dual Credit Pilot Projects. That memo included course codes for approved dual credit pilot programs running in semester 1. Attached you will find the list of temporary dual credit course codes assigned for the dual credit programs approved for semester 2 under Phase 10 of the School-College-Work Initiative (SCWI) in the 65 pilot projects, involving 70 of 72 district school boards. These course codes are labelled temporary and subject to change since the projects are still in a pilot phase for the school year 2006 - 2007. Please refer to the Deputy Minister's memo of January 11 for further instructions on the use of these codes. Please note that codes provided previously for dual credit courses in semester 1 are not repeated on the semester 2 list, but may be used by approved dual credit pilot projects in semester 2.

The temporary dual credit course codes will be distributed to the student management system vendors and OCAS/OUAC by OnSIS. The codes are not included in OnSIS. Manual data collection will be conducted for the pilot projects for analysis by SCWI and reported to the Ministry of Education and Ministry of Training, Colleges and Universities.

.../2

The attached codes may only be used for the approved SCWI Phase 10 college credit courses* and Level 1 apprenticeship in-school standards courses taken by a secondary school student enrolled in a board, delivered solely by a college professor or instructor.
